

AARSH PANDE

ASSOCIATE PRODUCT MANAGER

Aarsh comes to the Institute for Transformative Technologies with experience in building digital products and businesses. Before ITT, he ran a venture that aimed at solving Delhi's parking woes using a mobile application. It involved working with the Delhi government and parking operators across the city.

Before dabbling with his own start-up, Aarsh worked with operations, product, and digital marketing teams at Housing.com. During his stint there, he led a team of analysts to launch the first home loans platform across all property portals in India, set up operations to enable property listings on web products, and launched a new revenue strategy for business partners.

Aarsh holds a Bachelors Degree in Ocean Engineering from the Indian Institute of Technology, Kharagpur. At IIT, he worked closely with the Entrepreneurship Cell, and was an avid debater in literary clubs.

In his spare time, he enjoys recreational kart racing, a good game of cricket and trekking.
